

## Ebonite Vantech Electronic Services Program

The following is a list of items that are offered in our Electronic Service Program. Customers have the following choices:

1. Send their part in for repair (allow 7 to 10 day turn around)
2. Send their part in for a core credit and purchase a refurbished part (when available)
3. Purchase a new part
4. Purchase a refurbished part (when available)

NOTE: When sending items in for repair customer should notify a representative of Ebonite Vantech and also include a note with your merchandise so we are aware of who it is from and what service you are requesting. This will help speed up the turn around time of your order. Ebonite Vantech will not be responsible for any items sent without any indication as to whom it is from and what services need to be provided.

Items should be sent to:

Ebonite Vantech  
1808 Dawson Springs Rd  
Hopkinsville KY 42241  
Attention: Service Dept.

All refurbished and repaired items are warranted for 90 days from the date of repair—Customers are strongly encouraged to install the item upon receiving to insure they are satisfied with part. All parts are tagged electronically for tracking purposes.
